Between the Whites  
and the Negroes.An Inflammatory Appeal  
Sent Out to the  
LatterBrought Forth an Organization of  
Whites Which Soon Intimidated  
Those Who Were Looking  
for Trouble.

Meridian, Miss., June 3.—The threatened uprising of negroes, which so alarmed the people north of Meridian, has been frustrated by the determined stand of the whites, who armed themselves and placed the leaders of the gang, Green Johnson and Nate Moore, under arrest. A call for the negroes to bank themselves against the whites was addressed to Nate Moore and was signed by a negro Baptist preacher named Ruffin. The letter said that a mob of 50 negroes would form at Rio, Kemper county, 25 miles northeast of Meridian, was march to Green Johnson's house, and from there start through the county and fill all the whites, destroy their farms and burn their houses. As soon as the whites learned of the purpose of the negroes, who outnumbered the whites two to one, they armed themselves with Winchester rifles and in a short time had so intimidated the negroes that it is now thought the uprising is at an end.

Whaleback Cut in Two.  
Idaho, June 3.—The whaleback steamer Thomas Wilson, Captain Cameron, master, was cut almost in two by the steamer George G. Hadley, Captain Fitzgerald, master, a half mile south of the Dutch canal, and nine men went down. They were mostly men of the night crew, who had not time to get out of their bunks before the vessel sank. The names of the men lost are: Aaron Trips, cook; Frank, second cook; James McDougall, oiler; James M. Frazer, oiler; Joseph McGraw, wheelman; John Campbell, lookout; John Carey, deck hand; Thomas Jones, deck hand; William Roebuck, brewer.

Negroes Driven Away.  
Decatur, Ind., June 3.—For some days persons employing negroes have been receiving warnings to discharge them. A mob of 50 men, some of them intoxicated, attempted to drive all the negroes from the town. Another crowd formed and rescued the negroes, but all afterwards left. There is no negro in this place. Fifteen years ago all negroes were driven from this place, and they were kept away until recently, when they were engaged in hotels and elsewhere.

Alleged Plot and Arrests.  
London, June 3.—In a letter from Pretoria, dated May 18, the correspondent of The Daily Mail says that the previous Thursday 60 arrests were made as the result of the discovery of an extensive plot to blow up the government buildings and Lord Kitchener's residence and to spike the guns in the artillery barracks. The parties concerned in this plot, according to the correspondent, were lawyers, chemists and Boer and Dutch prisoners on parole.

Charged With Assault.  
Vincennes, Ind., June 3.—William Edson, a former convict, is under arrest here on the charge of assaulting a 4-year-old girl. Edson is in jail, and many people are excited and talk of lynching him. The child's father says if Vincennes people do not lynch Edson, a mob will come from Evansville and kill him. Edson, who is formerly lived, and string Edson up.

For the End She Felt was Coming.

Remains of Mrs. Reeder Brought Home and Buried by the Light of Lanterns.

A dispatch from Columbus Grove says:

"The funeral of Mrs. William Brady Reeder, of Chanute, Kan., was held after sundown last night. The woman died from the effects of an operation at her western home, and the remains were on the way from Kansas to Ohio two days and nights. It was sundown when the remains reached West Cairo, Allen county, and it was necessary to transfer the same to the little cemetery at Rockport, seven miles distant. It was dark before funeral cortege reached the burying ground, and lighted lamps were necessary to show the mourners their way. Brief services were held over the remains and the interment was successfully made. The woman requested that in case the operation should result fatally, that at all hazards the body be brought back to her former home at West Cairo. The woman had a premonition of death, and had her burial robes ready and in waiting. A husband and one son, a bright young lawyer, were the sad mourners accompanying the remains from the west, and carrying out the request of the wife and mother to the letter."

## MAYOR'S COURT.

Albert Loushell and Ed. Maher Discharged.

A. C. Holland and John Evans Fined for Fighting—Pat Bruno Bound Over to Grand Jury.

This morning Albert Loushell and Ed. Maher, who were arrested in connection with the wool robbery case, for which "Red" Donahue was bound over to the grand jury Saturday, were discharged from custody by the mayor.

Pat Bruno, who had a preliminary hearing in the same case, was bound over under bond of \$200.

A. C. Holland and John Evans, charged with fighting, were fined \$5.00 each.

## CARNIVAL

Promises to be One of the Biggest Events

Ever Held in This City—The Elks Have Opened up their Headquarters.

The Elks have opened their headquarters for their big carnival to be given the week of July 7. They are located in the Cincinnati building, rooms 10 and 12. Room 10 will be the main office. They have been divided into two separate offices, one will be used by J. G. Lamison, and his stenographer as their private office, the other will be used by Mr. Fred P. Sargent, who represents the "Gaskill-Mundy Carnival Company," and who is here as promoter for the Lima lodge of Elks. The other room, No. 12, will be used as the bill room. This is where all the paper will be assorted out that goes to the out-of-town bill posters.

In conversation with Mr. Sargent this morning, this reporter was given the assurance that Lima would have the biggest carnival ever held in Lima, it will be somewhat hard for the public to really understand the magnitude of it. But that you may get an idea, I will enumerate some of the work to be done as follows. In the first place it will take 19,500 sheets of paper to do the advertising. That you may really appreciate this enormous amount, I would say, that if it were laid end to end, it would reach from Lima to the city of Chicago. This paper is not only to be posted in the city, but throughout the country for fifty miles around. You will understand every road and every traction line as well as every country road; in fact, we depend on drawing the people from the country as much as from the city. There is not a circus in the world, that uses as much paper as we will use, and it is all of the very best quality. In regard to the attractions, that will be announced later. But I can give you the assurance now, that we shall have the very best that the amusement market can afford; in fact all that pains, brains and money can do to make this a success will be done. Keep your eye on the Elks for the next few weeks and the columns of this paper, as there will be announcements made every day.

## STRANGE

Disappearance of Prominent Young Man

Ray Coss, Who Spent His Boyhood Days in Lima

Left His Home in April and Has Not Been Heard From Since, Although Diligently Searched For.

The many friends of Mr. Charles Coss, a family will remember the youngest son Mr. Ray Coss who graduated from Lima high school years ago with every promise of making a fine business man. About a year later the family moved to Springfield, Erie county, New York, about thirty miles from Buffalo, where Ray as usual won warm friends by his exemplary habits and genial disposition. He, for a time, was in the employ of the Westinghouse Air Brake Co., then about two years ago had a long siege of typhoid fever, and since that time has had complaints of severe pains in his head. About a year and a half ago he began construction work in the field for the Standard Oil Co. at Griffiths, Ohio, the work not being what he desired he at times becoming despondent as the surroundings were unfitted to him in every way. In December of last year he was called home by the death of his father and remained there with his mother and sister and studied telegraphy with a view to accepting a station in the field later on. In March he returned to Griffiths but there was no station for him so he was compelled to return to his old home very much against his inclinations. About this time he wrote to his mother, his last letter being written the evening of April second. After writing it and taking all his pictures and various belongings and packed them in his trunk, he then left the hotel to mail his letter and has not been seen or heard from since.

During the three months he was at home last winter he became a member of the Masonic fraternity and they have assisted the family in their search for him. Detectives having tried in vain to find a clue. It is probable that he has wandered away in a despondent frame of mind and been unable to disclose his identity. The following description is given in hopes of news concerning him. He is twenty-three years of age, has light brown hair, blue eyes, fair complexion, weighs one hundred and forty pounds and is about five feet and eleven inches in height.

The Coterie Club will meet tomorrow afternoon with Mrs. W. F. Allen, of west High street. A full attendance is desired as business of importance is to be attended to.

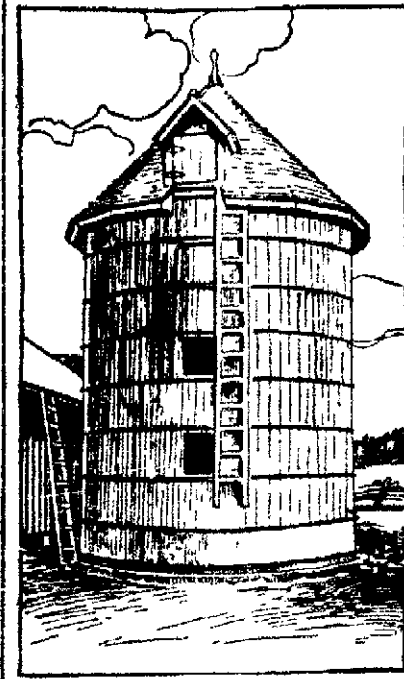

The big skirt sale will be continued next week. We urge you to see the garments. Mrs. F. Light.

## SILO BUILDING.

Circular Silos Illustrated—Points on Design, Shape and Construction.

Silo builders may find something to interest them in a number of points from a bulletin on the silo and silage by J. Withycombe of the Oregon station.

The consensus of opinion of those who have studied the silo problem indicates that the circular form is preferred.

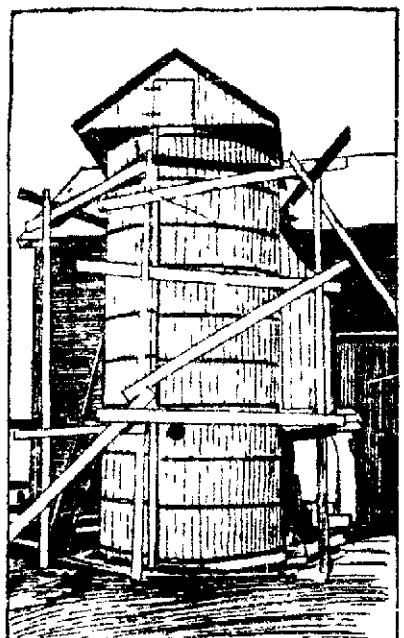

SILO OUTSIDE OF BARN.

There are, however, many square and rectangular silos in successful operation. Especially is this the case with those having rounded corners. Where great strength and large capacity are demanded the frame circular silo will best meet the requirements. This form of silo can be made quite durable by plastering the inside with cement. The circular stave silo, owing to its simplicity and economical construction, seems to fully meet the requirements of the farmer. With this form of silo properly erected the waste of silage is reduced to the minimum.

Perhaps more serious losses have resulted through lack of proportion between the size of the silo and the amount of silage fed daily than from any other cause. The mistake is very generally made in having the exposed surface too large. An excellent rule is to so construct the silo that the horizontal feeding area for each cow will not exceed five or the extreme limit of six square feet.

Hoops for the silo can be made of any suitable material, such as half inch, seven-sixteenths inch or five-eighths inch round iron, one-eighth inch flat iron two inches wide or wire. For a silo twelve feet or less in diameter seven-sixteenths inch round iron will be sufficient. The round hoops are more generally used and give good satisfaction. These can be put on in sections and held in position by means of lugs or may be fastened in solid, as shown in the second cut. The woven wire fence hoop is often used since it is regarded as being very economical.

Doors may be simply sawed out, as shown in the first cut, or made continuous from the bottom to the top of the silo. The latter form will slightly increase the cost of the silo, but it is thought to possess sufficient advantages over the former to more than justify the additional expense. The sawed out doors may be ranged one above

ANOTHER OUTSIDE SILO.

the other, with a stationary ladder placed alongside running to the top of the silo, as shown in the first cut.

When the silo is built on the outside of the barn, a roof is needed. This may be simply a shed roof constructed with plank, or a neat, inexpensive shingle roof, as shown in the second cut. The roof of this silo is supported by a 6 by 6 frame, set on the top of the silo.

**Crop Conditions.**  
The April report of the statisticians of the department of agriculture shows the average condition of winter wheat on April 1, 1901, 82.1 at the corresponding date in 1900 and 82.4 the mean of the April averages of the last ten years. The averages of the principal states are as follows: Pennsylvania 82, Ohio 77, Michigan 80, Indiana 81, Illinois 80, Tennessee 80, Texas 72, Kansas 73, Missouri 81, Nebraska and California 80 and Oklahoma 81.

## HAND

Of the Law Reached Out and Stopped It.

The C. H. & D. Up Against an Injunction at Toledo

Which Retards the Work of Laying Elevator "Tail Tracks," But Discovery was Not Made Quite Sooner.

A deputy sheriff, two city policemen and an injunction issued by common pleas court, are the agencies which have caused a suspension of work on elevator "tail tracks" that were being built by the C. H. & D. railway company down on Main street, in the vicinity of Wilmot and Fasset streets, says the Toledo Blade.

Saturday morning, the Merchants and Clerks' Savings Bank Company, which owns lots 6 and 7 in Prentice's addition, began injunction proceedings against the C. H. & D., alleging that it had wrongfully begun the construction of a branch line over the lots, upon which a dwelling house is located, and that the plaintiff would be greatly damaged thereby.

Judge Morris granted a temporary restraining order, and Deputy Sheriff Stokes hustled out to serve the papers. The company offered no resistance to the law, and work was suspended at once.

It is claimed that grading and track laying have been in progress for a week, but the bank just discovered it, and now the track is practically completed.

An interesting story in this connection is that the railroad company built its tracks under the Fasset street bridge without authority from the city council, and now two policemen are stationed at Wilmot street to prevent a cross at that thoroughfare. There has been no clash between the railway employees and the authorities, however.

**EXCURSIONISTS WERE LEFT.**  
The Detroit Southern railroad ran an excursion to Lima yesterday from points as far south as Waverly, and it was quite well patronized. A number made the trip through to Lima, although they were on the train from 5 o'clock until after 12, stops being made at every cross-roads station along the line. Through some misunderstanding several of the excursionists missed the train and had to either remain all night or get home by some other route.

Lima ladies appreciate skirt bargains, judging by the sales made Saturday. Sale continues next week. Mrs. F. Light.

## The Lima Dry Goods Co.

## The Greatest Wash Goods Sale of All.

Wash Goods Week at This Store.

Think of crisp, new and dainty Wash Goods at such prices as are noted below. It sounds almost incredible; for such goods were never sold for so little before; and of all summer fabrics you will find the choicest selections among them. Cool and fresh in appearance, yet wonderfully serviceable, withal—that is why so many light and dainty dresses are wanted, for tasteful women, and their children.

Now these beautiful fabrics are almost as cheap as calico, and there are hundreds of patterns to choose from—in white grounds and in colored grounds, in little figures and larger ones; in dots and stripes. It is the climax of our extraordinary cotton transactions this season.

It is only a question of good taste after all, and here this week is a greater variety to choose from than is usually found in our new stocks at the beginning of the season. All fresh, new, crisp, perfect goods, never taken from the cases that brought them from the mills until yesterday. The sale will continue all this week.

## JOLLY CROWD

Of Young People Enjoyed a Picnic at McBeth's.

A royal good time was enjoyed by a party of 34 young people at McBeth's park Sunday. They met at the transfer station where they boarded a Western Ohio car for the grounds, which had been especially prepared for them. Upon their arrival at the grounds the time was spent in games until the young ladies in charge of the establish called the merry party to dinner where it was greatly enjoyed by every one. After dinner there were several races, among them being a 100 yard dash those entered being J. Droschen, F. Finn, J. Heffner, H. Gardner, P. Droschen, H. Link and Wm. Deaubler. The race was very closely contested Mr. Deaubler winning in 19 1/2 seconds and Mr. J. Droschen a close second in 20 seconds. The feature of the contest was the running of Mr. Finn who was flagged just before he reached the goal.

Following are the names of those who were present: Miss Mayne, Bracer, Miss McGrath, Miss Mahory, Miss G. Gargis, Miss Lucy Gardner, E. Droschen, Rose, Lamber, Emma Gardner, Anna Ryan, Miss H. Gorman, M. K. Anna Gorman, M. Bracer, M. Onior, M. Morrissey, M. Shea, Rose, Shear, Eva and Mona Casev, Lizzie and Dora Gast and Geo. Cammettinger, Messrs Chas. Lytle, Geo. Moore, H. Link, H. **To Hear the Baccalaureate Sermon**  
**Preached by Rev. S. P. Leag-**

**Held Wednesday.**

The large auditorium at Lima col-  
 lege was filled yesterday afternoon on  
 the occasion of the preaching of the  
 baccalaureate sermon by Rev. S. P.  
 Leag. The text of the sermon was the first  
 chapter of Ezekiel, that strange and  
 dark chapter which, when even only  
 dimly comprehended, carries such  
 great meaning. It is a chapter de-  
 scribing God's providence. "God al-  
 ways reveals his ways to men in ac-  
 cordance with the thinking of the  
 age. Ezekiel lived in the same age  
 as Thales, one of the seven wise men  
 of Greece, who was at that time doing  
 his reasoning with the aid of circles.  
 So God gave a revelation through  
 Ezekiel in circles under the repre-  
 sentation of the wheels. The won-  
 derful wheels of God was the subject  
 of the discourse.

The wheels of God are turning.  
 Man may do what he will to stop  
 them and turn them from their course  
 but they still go and do not go from  
 their course. They pursue God's ap-  
 pointed way and always will.

These wheels are angelic, they are  
 revolving, they are oceanic, identical,  
 intricate, stationary, enormous, om-  
 niscient, and divine. They rest on the  
 earth still they reach to the sky. They  
 raise this earth up to the heavens and  
 they also bring the blessings of  
 heaven down to the earth. They  
 sometimes raise us up, on the one  
 side, into glory and then, on the other  
 side, let us down into the misery and  
 despair of this world but only to  
 harder and temper us for the better  
 resisting of the evil powers that would  
 assail.

These wheels are, however, moving  
 on God's finger as the axle and He

guides them where he will. God's  
 providence may seem dark and hard  
 at times. Job was afflicted beyond all  
 measure till he passed the day he was  
 born. Joseph, the pride of the fam-  
 ily, was suddenly out of from his  
 father and sold into slavery and cast  
 into prison. Jesus Christ was nailed  
 to the cross and His work was ap-  
 parently at an end. God's wheels are  
 turning wrong, the devil must cer-  
 tainly be in complete control.

But Job was soon enjoying greater  
 blessings than he had ever had before.  
 Joseph soon sat on the richest throne  
 amid all power and glory, and Jesus  
 Christ is Lord of All. The wheels  
 were going all right after all.

We shall have our troubles. We  
 must expect that. We cannot escape  
 them and we don't want to. Look to  
 God. Put your trust in Him and He  
 will work all to His glory."

The next occasion to which the pub-  
 lic is invited is the Pupil's Piano Recital  
 this evening at 8 o'clock. This is  
 free to all, and all are invited. All  
 Wayne street cars run to the college.  
 There is not a more pleasant walk in  
 the city than the one to the college.

**In Oldcom.**

At this day the spectacle of farm-  
 ers demanding a bonus of \$500 on a  
 small tract of land in Allen county is  
 a hint that there is something doing  
 in that neighborhood; such has been  
 the case in Richland township the past  
 week and to all appearances some of  
 the fraternity have been pretty an-  
 xious to take the leases at any figure.  
 The several wells which have been  
 drilled in half way between Bluffton  
 and Beaver Dam have set the pace for  
 new work and indicate that that sec-  
 tion of Allen county is not yet drained  
 of its oily product. The two wells re-  
 ported Saturday on the Augsburgers  
 and Hauenstein farms are still hold-  
 ing up at a splendid pace and from  
 the start had all the earmarks of ex-  
 cellent producers. The Augsburgers  
 is farthest east on the belt and near  
 the Chidester well, which is still mak-  
 ing 75 bbls per day. A number of  
 other wells will soon be completed in  
 that district and it looks as if they  
 would help out in swelling Allen's  
 production.

**NEW OILS IN VAN WERT CO.**  
 Anybody that attempts to predict  
 what will happen next in the Ohio  
 City field will get medals. A sample of  
 its characteristics is found in the well  
 completed a week ago on the High  
 farm, section 27, Liberty, by the Home  
 Oil Co. It started producing naturally  
 at the rate of 90 barrels the first 24  
 hours and was pumped for a week do-  
 ing 25 barrels on the day before the  
 owners decided to put in a shot.  
 There was some disagreement be-  
 tween the members of the company as  
 to the advisability of shooting it  
 while the production was holding up,  
 but the proposition carried and the ex-  
 plosive was put in. The shot had a  
 pretty effect, but after it was all over  
 the well was as dry as the dryest, not  
 even having enough water to quench  
 a man's thirst. At present they do  
 not know what course to pursue, but  
 the theory is that the sand is pretty  
 soft and the shot served to clog up  
 the hole in such a manner that if  
 there were any more oil it could not  
 be gotten out.

Another surprise developed in the  
 Empire Oil & Gas Co's new well on  
 the McCrory farm, section 6, Liberty.  
 It came in a dry gasser last week, but  
 on Wednesday commenced flowing oil  
 and is now being tubed, with indica-  
 tions that it may make a good well.

On the O. W. Hay farm, northwest  
 of the Meddaugh, in section 24, Will  
 shire, E. W. Barnes has been pumping  
 his well for a week but has been un-  
 able to exhaust the saline fluid and as  
 yet has no show of oil.

West of the Hay farm well a mile,  
 in section 23, Willshire, Wilbur &  
 Herring, have one on the Adam Del-  
 rich farm which did 30 barrels in the  
 first 24 hours after shot.

In section C, Dublin township, Mer-  
 cer county, W. R. Reese drilled in his  
 rest on the O. Putnam farm and after  
 the shot it made 20 barrels in a day.

Roth & Argue are drilling a second  
 well on the P. King farm, section 16,  
 Liberty, and have rig up for No. 3. On  
 the Ticker farm, across the road in  
 section 17, Van Wert parties have a  
 rig up.

In section 17, Washington township  
 the Emery Oil Co. shot their well on  
 the East farm and have some oil and  
 a good supply of gas. This well looks  
 to be much better than the Union Oil  
 Co.'s well, a mile east, where they got  
 nothing but shale.

**IN EASTERN VAN WERT.**  
 The Ridge Oil company has a splen-  
 did producer in the Youngs farm, 34,  
 located on the D. V. Gilliland farm,  
 in section 34, Ridge township. It was

**Up Against a Big Surprise**

**And a Secret**

**Of a Startling Nature Was Disclosed.**

**Wife Secured a Divorce But Continued to Live With Her Husband**

**And the Situation Was Unknown to Him Until He Came Back From Montpelier, Indiana, on a Visit.**

Franklin Crawford formerly a resident of Lima, but now living at Montpelier, Ind. paid a visit to his former home yesterday and while here had about as sensational a surprise sprung on him as one could expect in a lifetime. Crawford met a friend on the street and in course of the conversation which followed the friend asked where Mrs. Crawford was. Being informed that she was at home in Montpelier and furthermore, that they were living together, the man who first began questioning out of curiosity took a more sober view of the situation and informed Crawford that his wife had secured a divorce in the Lima courts and that he could confirm the assertion by an investigation of the records.

Crawford lost no time in doing so, and appealed to Deputy Clerk Graham. The latter referred to the court journal and brought to light an entry which left no doubt on the question. Mrs. Crawford secured her divorce just before the close of the last term of court in April as the following entry shows:

Ada B. Crawford vs. Franklin Crawford. Decree of divorce at plaintiff's costs. Plaintiff decreed as alimony \$100 payable \$100 each period of 6 months from date of this decree. Plaintiff restored to maiden name Ada Berlin.

Crawford scarcely knew which way to turn but the clerk was unable to advise him, except that the woman he was living with was no longer his wife in the eyes of the law and that if she did not care to exact the condition of the court's decree, they had better get married again.

His entry in the case named O. W. Smith vs. Mrs. Crawford's attorney and Copeland & Rogers as counsel for the defendant. It was plain from that that Crawford had certainly known something of the proceedings, and a representative of the Times sought out Mr. Copeland. The attorney explained that Crawford had once commoned proceedings for a divorce, but before the papers were prepared Mrs. Crawford filed her action, and her husband agreed to let her do as she pleased, which would let him out of the case. He saw Mr. Copeland later and said that the trouble had been adjusted and they were living together again.

Attorney Smith, who was also seen, told of securing a divorce for Mrs. Crawford on the grounds of assault and actual drunkenness, witnesses having testified to having helped, wash the blood from the woman's face after a beating administered by her husband. He had not seen her for some time but recently received a letter from her, in which she asked if there were any more costs to be paid. He was not as sure that she was living with her divorced husband and was inclined to doubt it. Mr. Smith said that Crawford had been to see him this morning but left after having had explained to him the process through which Mrs. Crawford came to be Ada Berlin.

**A Brief Honeymoon.**

Two months ago, April 2, Bessie A. Shouse was married to George E. Shouse and this morning Richie, Lebed & Rohy acting as her attorneys, filed a petition in which she prays for a divorce having in the short time which has elapsed discovered, as she alleges, that she is not the only one whom the defendant is lavishing his affections. She makes a direct charge of adultery and strongholds her position by saying that her husband has been wherever she has been and has done nothing whatever to ward her support. It is also alleged that the defendant abused his wife and threatened to kill her.

In addition to the request for a divorce she asks for the restoration of her maiden name, which was Bessie A. Crawford, and wants the defendant enjoined from interfering with her or abetting, in any way.

**After a Horse Thief.**

The sheriff has been notified that

a reward of \$50 has been offered for the capture of a thief who stole a dark bay draft horse from Martin Lauer, of Elletts, O. on the night of June 4. A spring, top buggy, was taken at the same time. If the thief is captured and convicted an additional reward of \$50 is offered.

**Court Briefs.**

Judge Armstrong sentenced E. W. Seigler, of Van Wert, to three years in the Ohio Penitentiary Saturday, for horse stealing. In addition, he handed the prisoner at the bar a lecture which added a double sting. The horse was stolen from Commodore Harp, who had given Seigler a home, and to prevent identification Seigler cut off the horse's mane and tail and otherwise marked it. The prisoner had a cleverly woven defense but it didn't work with the jury.

The Republicans of Hancock county have endorsed Silas E. Hurin for the circuit court judgeship and permitted him to select the eleven delegates.

**Nearing Its End.**

The case of Horace W. Lewis vs. Frances Osborn will be ended today providing the jury can get together on a verdict. It has been a decidedly tiresome job for everybody concerned and has hung fire since a week ago last Friday, excepting the two days in termination during the Celta convention.

**Real Estate Transfers.**

**Fitting Exercises Attend the Unveiling of the Monument**

**Erected by Woodmen of the World to the Memory of Their Departed Sovereign, J. H. Cremean, Near Elida.**

The unveiling of a handsome monument over the grave of the late J. H. Cremean by the Woodmen of the World in Greenlawn cemetery, between Albion and Elida yesterday afternoon was an impressive event that will long be remembered by the Woodmen and their friends who participated in and witnessed the fitting exercises that attended the unveiling.

The ceremonies were conducted under the auspices of Allen camp No. 84, of this city, who were accompanied to the beautiful country cemetery by members of Wapakoneta and St. Marys camps, the Ladies Circle of St. Marys and many friends from this city and Elida. The visiting delegations, fully 200 strong and headed by the Woodmen of the World band, of St. Marys, arrived in the city over the Western Ohio road at 10:30 o'clock yesterday morning and were met by the local camp and escorted to the Buffalo hall, the old Masonic temple, where a magnificent dinner was served at 12 o'clock. At 1:30 o'clock the members of Allen camp and their guests headed by the band made a short street parade which terminated at the P. F. W. & C. passenger depot, where a special train of an engine and four coaches was in waiting to convey the delegations to Elida. The special, which was in charge of conductor Thomas Hall, left this city promptly at 2 o'clock with 222 passengers on board. Arriving at Elida the parade was again formed with carriages provided for the ladies and the Woodmen marched to the cemetery where several hundred people were already in waiting.

The ceremonies at the grave were very beautiful and impressive. The program was interspersed with sacred music that was rendered by the band and by the choir of St. Paul's Evangelical Lutheran church of this city. The ritualistic exercises were conducted by the officers of Allen camp, a beautiful and appropriate poem from the ritual was delivered in a very able manner by Mrs. C. Y. Rogers and an eloquent memorial sermon was preached by the Rev. F. P. Bossart, pastor of St. Paul's church, of which the departed sovereign had been a member.

The special train returned to this city at 5:15 o'clock last evening and the visitors were served with supper and entertained at the lodge rooms of Allen camp until the hour for their departure for home arrived.
